In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received by the Company's registrar, Link Asset Services, (ID:RA10), no later than 11am on 15 May 2020 (or, if the meeting is adjourned, no later than 48 hours before the time of any adjourned meeting, excluding any part of a day that is not a business day). After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat a CREST Proxy Instruction as invalid in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

EXPLANATORY NOTES TO THE NOTICE OF ANNUAL GENERAL MEETING

Dear Shareholders

In the following notes, references to the "current issued share capital" of the Company are to the 131,402,276 ordinary shares of £0.01 each in the capital of the Company in issue as at the close of business on 17 April 2020 (being the latest practicable date prior to the publication of this document).

Resolution 1: To receive the financial statements and directors' reports

This resolution deals with the receipt and adoption of the accounts of the Company and the reports of the directors and auditors of the Company for the period ended 31 December 2019.

Resolutions 2 and 3: Reappointment and remuneration of auditors

The Company is required to appoint auditors at each annual general meeting, to hold office until the next such meeting at which accounts are presented. Resolution 2 proposes the re-appointment of the Company's existing auditors, PricewaterhouseCoopers LLP.

Resolution 3 proposes that the Board be authorised to determine the auditors' remuneration.

Resolutions 4 to 6 (inclusive): Re-appointment of directors

The Company's articles of association require all directors who have been appointed since the last annual general meeting or who were appointed or last re-appointed at or before the annual general meeting held in the calendar year which is three years before the current year retire and offer themselves for re-election. In line with common practice following the first annual general meeting, it is intended to stagger the effect of these provisions on the board. Deborah Bestwick offers herself for re-election notwithstanding having done so last year. The non-executive directors who were re-elected last year intended to be offered for re-election next year.

Biographical details of the directors who are offering themselves for re-election at the meeting are set out in the enclosed annual report and accounts and appear on the Company's website. Having considered the performance of and the contribution made by each of the directors, the board of directors remains satisfied that their performance remains effective and that they each continue to demonstrate commitment to their roles. As such, the directors recommend their re-election under resolutions 4 to 6 (inclusive).

Resolution 7: Authority to allot relevant securities

The Company requires the flexibility to allot shares from time to time. Under the Act, the directors require authority to allot shares from the Company's shareholders (save in respect of shares issued pursuant to employee share schemes).

The directors' existing authority to allot "relevant securities" (including ordinary shares and/or rights to subscribe for or convert into ordinary shares), which was granted (pursuant to section 551 of the Companies Act 2006) by resolutions of the shareholders passed on 8 May 2019, will expire at the end of this annual general meeting. Accordingly, resolution 7 would renew this authority (until the next annual general meeting or unless such authority is revoked or renewed prior to such time) by authorising the directors (pursuant to section 551 of the Companies Act) to allot relevant securities up to an aggregate nominal amount equal to approximately one third of the current issued share capital of the Company (or approximately two-thirds of the current issued share capital in connection with a rights issue or other pro rata issue to the shareholders). The directors consider these powers desirable due to the flexibility they give. The directors currently have no plans to allot relevant securities, but the directors believe it is in the interests of the Company for the directors to be granted this authority, to enable the directors to take advantage of appropriate opportunities which may arise in the future.

Resolutions 8 and 9: Disapplication of statutory pre-emption rights

Resolution 8 seeks to disapply the pre-emption rights provisions of section 561 of the Companies Act 2006 in respect of the allotment of equity securities for cash pursuant to rights issues and other pre-emptive issues, and in respect of other issues of equity securities for cash up to an aggregate nominal value which equates to approximately 5 per cent. of the current issued share capital of the Company.

Under resolution 9, it is proposed that the directors be authorised to disapply statutory pre-emption rights in respect of an additional 5 per cent. of the current issued share capital of the Company. In accordance with the Pre-Emption Group's Statement of Principles on Disapplying Pre-Emption Rights, the directors confirm that this authority will be used only in connection with an acquisition or specified capital investment that is announced contemporaneously with the issue, or that has taken place in the preceding six-month period and is disclosed in the announcement of the issue.

If given, these powers will expire at the same time as the authority referred to in resolution 7.

The directors consider these powers desirable due to the flexibility they give. The directors have no present intention of issuing any equity securities for cash pursuant to the disapplication proposed under resolutions 8 and 9.

Resolution 10: Authority to purchase Company's own shares

If passed, this resolution will grant the Company authority for a period of up to fifteen months after the date of passing of the resolution to buy its own shares in the market. The resolution limits the number of shares that may be purchased to 10 per cent. of the current issued share capital of the Company. The price per ordinary share that the Company may pay is set at a minimum amount (excluding expenses) of £0.01 per ordinary share and a maximum amount (excluding expenses) of the higher of: (i) 5 per cent. over the average of the previous five business days' middle market prices; and (ii) the price stipulated by Article 3(2) of Delegated Regulation (EU) 2016/1052 of 8 March 2016 relating to the conditions applicable to buy-back programmes and stabilisation measures (being the higher of the price of the last independent trade and the highest current independent bid on the trading venue where the purchase is carried out). This authority will expire at the same time as the authority referred to in resolution 9 and will only be exercised if market conditions make it advantageous to do so.

The directors are of the opinion that it would be advantageous for the Company to have the flexibility to purchase its own shares should such action be deemed appropriate by the directors. The directors have no present intention of exercising the authority to purchase the Company's ordinary shares but will keep the matter under review, taking into account the financial resources of the Company, the Company's share price, future investment opportunities and the overall position of the Company. The authority will be exercised only if the directors believe that to do so would result in an increase in earnings per share and would be in the interests of shareholders generally. Shares purchased would either be cancelled and the number of shares in issue reduced accordingly or held as treasury shares.
